### WHY SIDEWALKS ARE BLOCKED

A Salem Firm Encroaching Upon the Rights of Pedestrians.

It is not the intention of this paper to oppose the actions of merchants doing business on the principal streets of the city, but a word for the pedestrian might not come amiss. Quite a number of the merchants use the sidewalks in front of their stores for stacking up great piles of merchandise. In some lines, such as furniture, which is bulky, but little room is left for the pedestrian to pass. For instance; when Buren & Hamilton are getting in a shipment of goods, and that occurs almost every day, the sidewalk looks a very much like Front street in Portland, and people sometimes have to edge their way past the store.

This paper does not blame them for doing all the business they can, in fact it is proud to have such a firm in our city. They have built up an immense business, and have a stock which is a credit to Salem. They claim that the alley in the rear of their store is in no shape to drive into with a loaded wagon, and to handle the amount of goods they do that it is necessary to run them in and out over the sidewalk. The JOURNAL does not wish to have them quit or to diminish the amount of their business, even if they do blockade the sidewalks. This firm brings lots of money to Salem, even from other towns where they are daily shipping big bills of furniture. It is hoped that no more complaints on this subject will be given. The JOURNAL, as it seems to be one of the evils connected with heavy mercantile business.

### WANG, MONDAY NIGHT.

The Grau Company at Salem in the Greatest Comic Opera.

In these days when the majority of theater-goers want something really funny, "Wang" which appears at the opera house, Monday night, fills the bill. It is plenty of clean fun, and lots of it. The scenic effects are first-class, the costumes handsome, and the singing and dancing of a high order. The presentation throughout will be one of the most elaborate ever seen in this city. There has been a great sale and is still a heavy demand for seats, and the Grau Company will be greeted by the most fashionable audience of the season.

### Colored Lecturer.

Mrs. Lucy Thurman, of Jackson, Mich., arrived today. She is the World's national superintendent of work among the colored people and spoke at 2:30 at W. C. T. U. hall. She speaks this evening at the Christian church on Social and Educational interests of her race in the South.

## PROBONO-PUBLICO,

## Announcement Extraordinary From Friedman of Friedman's New Racket.

The public is probably aware that nearly all goods are advancing, everything that we have to buy now, each time we make a purchase we have to pay more for the same articles.

Friedman don't believe in that kind of humbug, there is no necessity in the advance of prices of manufactured goods, for the raw material has not advanced in proportion. The advance in the prices of goods by the wholesalers is a fake dodge on the retailers to unload their old stock at an advanced price. By the time the retailers are well stocked, by spring, goods will drop about 20 per cent or more, so those who carry up a full stock now, will be compelled to pay an extortion of 20 per cent now and the one who will open a new business in the spring will save from 20 to 40 per cent. Friedman's New Racket are on to them and will therefore stop buying and go to selling.

We are making full arrangements to go East in the spring for an entire new stock. Our store is full of goods, bought at extremely low prices, except a few muslins and calico, which we lately purchased, we will make a reduction on all lines except a few staples of from 20 and 30 per cent, on capes which we have a new stock of 35 per cent, on the latest styles of ladies new jackets, 40 per cent on the actual sale mark, we will sell all ladies fine shoes for less than 1/2 of what it cost to manufacture them, we will sell overcoats and ulsters for less than they can be manufactured, we will make a reduction on all men's clothing of 20 per cent, on children's clothing 25 per cent, our reductions will astonish you on all lines of goods.

For we are going to unload, we must empty our counters and shelves of goods, and if they are not sold fast enough, we will use force to compel people to take the goods off our hands, those who are out to purchase goods and want to save money, will be well repaid by coming first to Friedman's New Racket.

Friedman has never had to resort to the fake dodge of selling goods at cost or retiring from business, for no excuse is necessary if you actually mean business. We never stop for cost but sell them.

Friedman has several times retiring from business without advertising that he was going out of business. The first thing that the public knew he was out of business, but you will find in several towns fakes and fakers that are always selling at cost or retiring from business, yet you will find them until late at night in the sample rooms of the Drummers, continually buying from whoever will credit them. There are a few of them in Salem, but you will also notice that Friedman was the only one who closed out those who actually retired within the last two years in Salem.

Although he pays an auctioneer's license, he has preferred to go little rather than take a fake auction sale. One more word to the wise, do you know what it means selling at cost? The man who is able to discount his bills will buy from 10 to 15 per cent cheaper and even get 6 to 7 per cent off for cash, than the one who has to sell at cost and beg for a 2 or 4 months credit, who is always at the mercy of the one whom he purchases his goods of. There fore, there are several houses in town that buy that way and they certainly sell cheaper and make a handsome profit over and above those who are selling at cost.

Friedman has also the advantage in purchasing and is about the only one has purchased bankrupt stock in Salem in the last two year.
